Medications in School

Dear Parent/Guardian:

Policies have been put in place to ensure the health and safety of your children who need medications during the school day. The following form **MUST** be on file in the nurse's office before any medication can be given at school:

Medication Order and Parent/Guardian Consent Form must be completed and signed by the licensed prescriber (physician, nurse practitioner, etc) and the parent/guardian. Medication order forms must be renewed at the beginning of each academic school year.

Medications must be delivered to the school in a pharmacy/manufacturer-labeled container by the parent/guardian or by a responsible adult designated by you. Please ask your pharmacy to provide separate containers for school and home. No more than a thirty day supply of the medication should be delivered to the school.

If your child needs a medication during the school day please complete the form so we may begin to give the medication as soon as the school year begins.

Thank you.

Jane Smith RN, School Nurse
